

# ANISH—

Salvatore Indriolo/Daniele Gaspardo, 2011

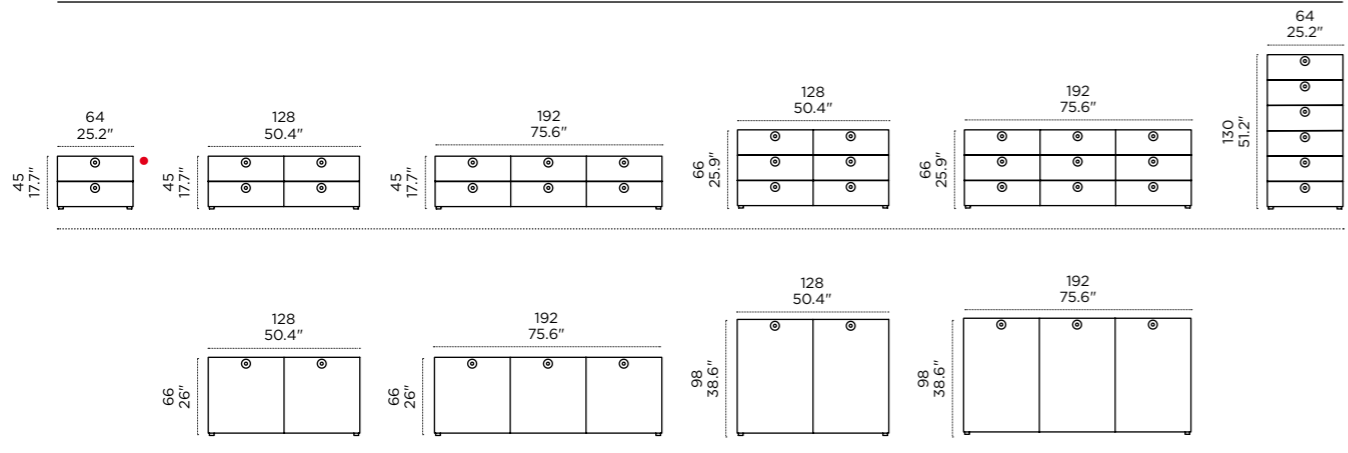

The Anish chest of drawers and cabinet collection features doors and drawers where the handle, formed by subtraction, functionally lightens the frontal appearance while defining the compartments' composition. The detail naturally becomes the focus of attention, as an invitation to reveal the contents.

**ANISH** — La collezione di contenitori Anish è caratterizzata da ante e cassetti le cui maniglie, ricavate per sottrazione, alleggeriscono funzionalmente l'estetica dei frontali, dichiarando la composizione dei vani. Il dettaglio richiama a sé l'attenzione, come un invito a svelarne il contenuto.

**ANISH** — La collection des meubles de rangement Anish se distingue par des portes et des tiroirs où la poignée en forme de trou allège l'esthétisme des façades du point de vue fonctionnel, tout en déterminant la composition des logements. Ce détail capte notre attention, telle une invitation à en révéler le contenu.

**ANISH** — Die Aufbewahrungsserie Anish zeichnet sich durch Türen und Schubladen aus, deren durch Materialausparung entstehende Griffe eine funktional leichtere Ästhetik der Front schaffen und zugleich auf die Komposition der einzelnen Stauräume hinweisen. Dieses Detail zieht die Aufmerksamkeit auf sich, wie eine Einladung, den Inhalt zu verraten.
