

INFINITY

design: Meneghello Paoletti Associati, 2012

Struttura e ripiani interni in pannelli di particelle di legno nobilitati e laccati. Ante in pannelli di particelle di legno impiallacciate e tinte, con sistema di apertura push-pull. Spessore struttura e ripiani interni mm 18, schienale mm 10, divisorio verticale fisso mm 36. Paracolpi in PVC o in feltro. Piedini regolabili in ABS verniciato in finitura alluminio. Basamento opzionale, altezza cm 16 o cm 32, in ferro verniciato a polveri. Ripiani interni opzionali in vetro temperato 5 mm trasparente.

Structure and shelves made from particleboard, melamine-coated and lacquered. Doors made from particleboard, veneered and stained, with opening system push-pull. The thickness of the structure and internal shelves is 18 mm, the back panel 10 mm, and the fixed central divider 36 mm. PVC or felt bumpers. Painted ABS adjustable feet with aluminium finish. Optional base, height 16 cm or 32 cm, made from powder-coated iron. Optional internal shelves in tempered transparent glass 5 mm.

Structure et étagères en panneaux de particules de bois mélaminés et laqués. Portes en panneaux de particules de bois plaqués et teintés, avec système d'ouverture push-pull. L'épaisseur de la structure est de 18 mm, celle du panneau de fond de 10 mm et celle du séparateur vertical fixe de 36 mm. Butées en PVC ou en feutre. Vérins en ABS peint à finition aluminium. Piétement en option d'une hauteur de 16 cm ou 32 cm, en fer peint en poudre. Intérieur étagères en verre tempré transparente 5 mm en option.

Korpus und Einlegeböden aus veredelten und lackierten Spanplatten. Türen aus furnierten und gefärbten Spanplatten, mit Öffnungssystem Push-pull. Stärke des Korpus 18 mm, Rückwand 10 mm, vertikale feststehende Trennwand 36 mm. Verstellbare Füße aus lackiertem ABS in Aluminium-Finish. Unterstruktur als Extra, Höhe 16 cm oder 32 cm, aus pulverbeschichtetem Eisen. Innenböden aus transparentem Hartglas 5 mm stark als Option.

Estructura y estantes de paneles de partículas de madera ennoblecidos y lacados. Puertas de paneles de partículas de madera enchapados y teñidos, con sistema de apertura push-pull. Espesor de la estructura 18 mm, respaldo 10 mm, divisorio vertical fijo 36 mm. Paragolpes de PVC o de fieltro. Pies ajustables de ABS barnizado con acabado de aluminio. Basamento opcional, altura 16 o 32 cm, de hierro revestido con pintura en polvo. Estantes interiores en cristal templado transparente de 5 mm opcional.

L'anta sopra rappresentata è composta dai seguenti elementi:

The door above is composed by the following elements:

La porte dessus et fait des elements suivants:

Die Tür oben besteht aus folgenden elementen:

La puerta encima ha los siguientes elementos:

 cm 150 x 46 x 32H 59.1" x 18.1" x 12.6"H	IB42BB1	IB42ZZ1	IB42X991

L'altezza dei contenitori (cm 52-102-152) include i piedini cm 2H.

The height of the feet (2 cm) is included in the height of the cabinets (52-102-152 cm).

La hauteur des meubles de rangement (52-102-152 cm) comprend les pieds de 2 cm de hauteur.

Höhe der Fächer (52-102-152 cm), inklusive der Füße h 2 cm.

La altura de los contenedores (52-102-152 cm) incluye los pies de 2 cm de altura.

I contenitori possono montare il basamento metallico cm 16H o cm 32H in alternativa ai piedini cm 2H.

The cabinets can be fitted with a 16 or 32 cm high metal base instead of the 2 cm high feet.

Les meubles de rangements peuvent avoir une base métallique de cm 16H ou de cm 32H à la place des pieds de cm 2H.

Die Fächer können an die Struktur aus weiß- oder schwarz lackiertem Metall montiert werden, h 16 cm oder h 32 cm, alternativ zu den Füßen h 2 cm.

Los contenedores pueden montar el basamento metálico de 16 o 32 cm de altura, como alternativa a los pies de 2 cm de altura.

**ALCUNI ESEMPI DI
COMPOSIZIONI**

Le ante sono rivestite da tre elementi decorativi di laminato laccato, applicati per mezzo di magneti a scomparsa. In base alla disposizione che si attribuisce a questi elementi, il frontale dei contenitori assume un motivo grafico diverso. Gli attacchi magnetici offrono la possibilità di variare in qualunque momento la disposizione dei tre inserti di laminato, modificando in tal modo il disegno che appare sul frontale.

**A FEW EXAMPLES OF
COMPOSITIONS**

The doors are covered with three elements of decorative lacquered laminate attached by means of hidden magnets and whose arrangement determines the line pattern shown on the front of each container. Interestingly enough, each line moves across doors in a continued and seemingly infinite pattern, regardless of the chosen arrangement. Furthermore, the magnetic attachment allows changing the element arrangement at will to produce dynamic, original designs.

**QUELQUES EXEMPLES DE
COMPOSITIONS**

Les portes sont recouvertes de trois éléments décoratifs en mélaminé laqué, qui s'appliquent grâce à des aimants cachés. La partie antérieure des réceptacles présente un motif graphique différent en fonction de la disposition de ces éléments et à chaque ligne qui sort d'une porte, correspond une nouvelle ligne qui prolonge le dessin à l'infini. Les fixations magnétiques permettent de changer à tout moment la disposition des trois éléments en mélaminé, modifiant ainsi le dessin qui apparaît sur la partie antérieure.

**EINIGE BEISPIELE VON
KOMPOSITIONEN**

Die Türen sind mit drei Dekor-Elementen aus lackiertem Laminat verkleidet, die mithilfe versteckt eingelassener Magneten angebracht werden. Je nach der Anordnung dieser Elemente kann das grafische Motiv auf der Stirnseite des Containers umgestaltet werden, wobei zu jeder aus einer Tür heraustretenden Linie eine neue Linie korrespondiert, die das Muster in die Unendlichkeit führt. Die magnetischen Verbindungen bieten die Möglichkeit, die Anordnung der drei Laminat-Einsätze jederzeit zu verändern und dadurch das auf der Vorderseite erscheinende Design entsprechend umzugestalten.

**ALGUNOS EJEMPLOS DE
LIBRERÍAS COMPOSICIONES**

Las puertas están revestidas por tres elementos decorativos laminados lacados, unidos mediante imanes ocultos. En base a la disposición que se le atribuya a cada elemento, el frontal del armario muestra un motivo gráfico diferente, donde cada línea que sale de una puerta se corresponde con una nueva línea que continúa el diseño indefinidamente. Cada ajuste magnético ofrece la posibilidad de variar, en cualquier momento, la disposición de las tres placas de laminado, modificando así el diseño que aparece en el frontal.
